## HOW TO USE THE MACHINE

- 1) Step your foot on the position with "Press" mark.
- 2) Push down the footboard to the bottom. Don't lift up your foot until the wrapping is completed (8s max).
- 3) Five digits screen and long "beep" confirm the cover-process end.

## Information

**Model No.** **CMY-46C**

Capacity of shoe cover 1000pcs

Machine Useful Life 300,000 times

Operating Voltage 230 ± 5%V

Maximum Power 1300W

Standby Power 75W

Preheating Time ≈ 120s

Film-delivering Time 3-5s

Film Shaping Time 2-3s

Outer Case made ABS

Machine dimension 80 x 44.5 x 33 cm

Net Weight 24kg
